MILDEW
Stain &
Odor

RESIDENTIAL - COMMERCIAL - NAUTICAL - RECREATIONAL
DESCRIPTION: Dew-Not® is a clear, non-yellowing, acrylic copolymer film. It is designed to work equally well indoors or outdoors. Dew-Not® contains a long lasting, microencapsulated mildew stain and odor remover, for continual release in damp conditions. Dew-Not® can be used on most any surface where moisture, humidity and weather are a rare problem: hard or soft; rigid or flexible; to seal out dampness and to neutralize the musty odor caused by mildew.

Dew-Not® protects against the intrusion of moisture and stains into the grout on tiled floors and walls. Dew-Not® hardens older, softer grout, making it much easier to keep clean. Dew-Not® helps control mildew and algae stain and odor from 64,000 known varieties of fungi.

SUGGESTED USES

- Hard Surfaces:** Such as: Ceramic Tile, Grout, Concrete, Brick, Stone, Terrazzo, Marble.
 - Canvas:** Tents, Cushions, Bags, Curtains, Umbrellas, Awnings, Life Preservers, Life Jackets, Boat Tops, Boat Covers, Convertible Tops.
 - Vinyl & Plastic:** Seats, Cushions, Furniture, Walls, Floors, Ceilings, Shower Curtains, Umbrellas, Campers, Mobile Homes, Camping Equipment, Auto Tops, Awnings.
 - Wood:** Paneling, Cedar Siding & Roofs, Hulls, Masts, Furniture, Floors, Ceilings, Closets, Decks.
 - Fabrics Including:** Drapes, Carpets, Wallpaper, Ropes, Cushions, Bedspreads, Book Covers, Auto Interiors, Astroturf.
 - Painted & Unpainted Surfaces:** Walls, Ceilings, Basements, Wood Decks, Patios.
 - Leather:** Golf Bags, Furniture, Sporting Equipment, Purses, Book Covers, Belts, Shoes.
- PREPARATION:** Clean the surface to be protected with the correct cleaner for the surface in question. Ameribrite® makes a complete line of cleaners, restorers, and strippers for most any purpose. **If a chlorine bleach product is used, wait 35 hours before applying Dew-Not®.** Be sure the surface is CLEAN & DRY before applying Dew-Not®.
- APPLICATION:** SHAKE UNTIL ALL SEDIMENTATION IS IN SUSPENSION BEFORE STARTING. Shake every few minutes to keep the product mixed. Apply Dew-Not® with a soft, lint free cloth or sponge, a trigger type sprayer, or on large areas, a garden type tank sprayer. Apply a generous amount. Allow Dew-Not® to dry on the surface. Shower areas should dry overnight before using. For best results: Apply a light film of Dew-Not® every 6 months.
- CAUTIONS:** Protect skin and eyes. Do not breathe spray mist. For skin or eye contact, rinse with large amounts of water. If swallowed DO NOT induce vomiting. Call a physician at once.

SHAKE WELL!

Contains NO BLEACH
DO NOT ADD OR MIX
